IN-SIGHT EASYBUILDER STANDARD

REFERENCE	PRICE	DAYS
TRN-IS-CGNX-EZ-STD	$1195	2

SUMMARY

The In-Sight EasyBuilder Standard class teaches the basics of how to configure a vision application using the EasyBuilder configuration environment and user interface. The In-Sight EasyBuilder Standard product class gives new In-Sight users an overview of the hardware and software used by In-Sight vision systems. With the focus on getting the most from the In-Sight Explorer EasyBuilder interface, students learn how to walk through the process of setting up a vision application step by step. This interface requires no programming and uses intuitive menus enabling students to focus on solving their applications quickly and effectively.
