

Bertelkamp Automation, Inc.

INDUSTRIAL AUTOMATION SPECIALISTS

80/20

Slotted aluminum extrusions for modular construction of machine frames, workstations, guarding, material handling and custom applications.

ACCUTECH, USA

Collaborative robots from TechMan Robot.

ADVANCED ILLUMINATION

Precision LED lighting for vision & imaging applications.

ADVANTECH

Network connectivity devices – routers, switches, servers.

ALADCO

Pneumatic pilot-operated check valves for clamping & safety applications.

ALKON CORPORATION

All brass instant fittings, compression fittings, flow controls & quick disconnects.

AMERICAN CYLINDER CO., INC

Low-cost tubular air cylinders of stainless steel & aluminum construction.

ANDCO

Self-contained, electro-mechanical actuators for precision positioning & automation of material handling or flow control equipment.

ANVER CORPORATION

Vacuum material handling components.

APERA, AI

4D vision for robotic automation.

APEX DYNAMICS, INC.

High Precision planetary in-line & right-angle gearheads.

ASYRIL US, INC.

Complete flexible feeding systems, used with robotics & vision, utilizing 3-axis vibration technology for all components ranging from 0.1mm to 150mm.

APG ENCLOSURES

Camera & lighting enclosures for harsh environments.

ATI INDUSTRIAL AUTOMATION

Robotic accessories & robot arm tooling – tool changers, collision sensors, force/torque sensing, etc.

AUTOMATIC VALVE

Pneumatic valves, miniature to high flow, 2-way, 3-way & 4-way. Custom manifolding.

BALDOR MOTORS AND DRIVES

Full line AC & DC motors, servo/linear motors & controls.

BOC WATER HYDRAULICS

Hydraulic & pneumatic control systems – control valves & building blocks.

CCS LIGHTING

Leader in Led lighting solutions for machine vision applications.

COGNEX (TN, GA, NC, SC)

Advanced machine vision, industrial barcode reader, & LED lighting systems.

COMPACT AUTOMATION

Cylinders for limited space applications, robotic grippers.

CONE DRIVES

Precision harmonic drive gears, worm gears, & industrial gearboxes.

CREVIS FIELD I/O

Networked remote I/O products for factory automation.

DAMAN PRODUCTS CO., INC.

Hydraulic manifolds & sub-plates.

DIRECT CONNECT SYSTEMS

Standard & custom wiring harnesses, kitting, labeling, connectors, & cables.

DORNER

Industrial, precision, & sanitary conveyance solutions with a quick turnaround.

DURAMASTER CYLINDERS

High quality NFPA interchangeable pneumatic cylinder actuators.

DYNEX/RIVETT, INC.

Hydraulic valves, pumps, and power units – custom built to any specifications.

E-DRIVES

Electric linear actuators for any size industrial application.

ENERPAC

Work holding products including hydraulic pumps, clamping cylinders, work supports & valves.

EXLAR

Linear & rotary actuators and servo motors for high force & high-speed applications.

EPSON

4-axis SCARA robots & 6-axis robots.

FABCO-AIR, INC.

Compact pneumatic cylinders, air preparation, slides, actuators, & valves for factory automation.

FANUC

Small, medium, & large industrial six-axis robots, as well as collaborative robots.

FASTEST, INC.

Pneumatically operated connectors for pressure or vacuum tests.

FESTO

Electric & pneumatic actuators, pneumatic valves & manifolds, grippers, servo motors/ drives, sensors, & image processing.

FLAIRLINE, INC.

Lightweight pneumatic & hydraulic cylinders.

FLEXIBOWL

Configurable vibrating bulk feeder with integrated vision system, various communication protocols, & optional motorized hopper.

FLEXPIPE

Manufacturer of tubular modular material handling system.

GALIL MOTION CONTROL, INC.

High performance multi-axis motion controllers.

HARMONIC DRIVE SYSTEMS

The world's largest manufacturer of harmonic drive gearing products.

HEIDENHAIN

Encoders & linear transducers.

HEYPAC CORPORATION

Heypac compressed air driven liquid pumps & power packs.

HIWIN

Linear bearings, precision ball screws & linear guide ways.

HYDRAULIC SYSTEMS, INC.

Designers & manufacturers of hydraulic power systems, filtering systems & tube benders.

HYPERCYL

Diverse offering of hydra-pneumatic cylinders & presses for use in a wide range of assembly & forming applications.

IAI AMERICA, INC.

Linear & rotary actuators with integrated servos & SCARA robotic systems.

IGUS, INC.

Cable management systems.

IKO

World leader in needle roller bearings & linear motion rolling guides.

KB ELECTRONICS, INC.

Variable speed motor controls.

LEESON

AC/DC motors and controls.

LEGRIS, INC.

Instant tube fittings, flow controls, ball valves & tubing.

LINMONT, USA

Collaborative robots specializing in bringing robotics to small & mid-sized manufacturers.

LYNAIR, INC.

Pneumatic & hydraulic cylinders, also water & special cylinders.

MACRON DYNAMICS

Linear Robotics, Gantry Systems, Custom Solutions, & 7th axis slides.

Bertelkamp Automation, Inc.

INDUSTRIAL AUTOMATION SPECIALISTS

MOXA

Networking & communication components dedicated & developed for industrial & automation applications.

MARATHON ELECTRIC

AC & DC motors, inverter-rated motors, & integrated motor/control solutions.

METALWORK

Pneumatic & electrical components for automation systems.

MITSUBISHI ELECTRIC

Global leader in factory automation with PLCs, HMIs, VFDs, motion control systems, & robots.

MOOG ANIMATICS

Smart motors, integrated servo motors, & actuators.

MURRPLASTIK

Cable energy chains, cable entry, robotic dress packs, specialty conduits & fittings.

NABTESCO

Robotic gear switches.

NASON COMPANY

Low- & high- pressure switches, vacuum switches, & temperature switches.

NEW LONDON ENGINEERING

Material handling equipment, specializing in custom conveyors.

NEXEN

Precision motion control, power transmission, & web tension control products.

NOOK INDUSTRIES

Precision-ground ball screws, worm gear screw jacks, electric cylinders, & precision shafting.

NOSHOK, INC.

Pressure gauges, transducers, switches, level transmitters, thermometers, & valves.

NSK PRECISION

Linear guides, ball screws, actuators, linear stages, anti-friction bearings & high-speed bearings.

N-TRON

Ethernet switches, industrial Wi-Fi radios & communication converter products addressing a wide range of industrial applications.

ONROBOT

Innovative gripping & sensing EOAT for collaborative & traditional six-axis robots.

OPTEX FA

Photoelectric sensors, displacement sensors, vision sensors, LED lighting, & non-contact thermometers.

OPTO ENGINEERING

Machine vision components - optics, lighting, industrial cameras, software, & vision.

ORIENTAL MOTOR

Stepper & servo motors, AC & DC motors, linear actuators, & rotary actuators.

ORIGA CORP.

Rod-less and twin rod pneumatic cylinders & belt & rod style electric actuators.

PACIFIC BEARING

Linear rails, guide rails, lead screw systems, linear actuators, & specialized bearings.

PARCO

T-slot aluminum extrusion, fasteners, hardware, & panels for machine framing, guarding, & custom solutions.

PULS

Industrial power supplies.

RED LION CONTROLS

Manufacturer of machine operator interfaces, counters, meters, & PID controllers.

REGO

Flow control valves, check valves & needle valves.

ROBOTIQ

End-of-arm tooling, palletizing, screwdriving, & machine tending solutions for collaborative robots.

ROLLON

Leading manufacturer of linear motion systems, guides, & linear actuators.

SAGINAW CONTROL & ENGINEERING

Enclosures, counter-balance suspension arms, & stainless-steel suspension systems.

SA-TECH

Modular systems for machine guarding – framing, doors, locks, switches, & specialty safety products.

SCHAEFER'S ELECTRICAL ENCLOSURES

Electrical enclosures including custom enclosures.

SCHMALZ

Manufacturers of suction pads, vacuum pumps, & vacuum handling systems.

SCHMERSAL

Safety products, light curtains, system solutions, & automation technology.

SHRADER BELLOWES

Pneumatic & hydraulic cylinders, cylinder accessories, & cylinder position indication switches.

SIXNET (RED LION)

Ethernet switches, cellular M2M devices, communication converters, & process control.

SKINNER VALVE LIGHTS

Valve solutions for process control – process valves, manifold solutions, & valve actuators.

SMART VISION LIGHTS

Leading designer & manufacturer of high-brightness LED lights & controllers for industrial applications.

SPECTRUM ILLUMINATION

Complete lighting solutions (lighting, lens, diffusers, controllers, cabling) for machine vision applications.

STAUFF CORPORATION

Hydraulic pipe clamps, high-pressure ball valves, filters, & process measurement.

STOBER

Planetary & helical bevel gearboxes, hollow - bore motors, & rack-and-pinion gearboxes.

SUHNER

Drilling & tapping units, multi-spindle drills, flexible shaft drives, & custom automated machinery.

SWIVELINK

Modular camera/lighting mounts & robot bases/accessories for automation & industrial applications.

TELIT IOT PLATFORMS

Providing solutions for networked systems that require world-class Internet of Things (IoT) performance.

THK

Linear motion guide mechanisms, ball splines, ball screws, link ball, & power transmission.

TOSIBOX

Components for secure IoT connectivity, remote maintenance, & network management.

TOYO AUTOMATION

Ball-screw & belt-motion actuators – available in single axis, 2-D, & 3-D gantry systems.

UNITRONICS

Combination PLC/HMI units, platform-based solutions, vision solutions, & motion control systems.

UNIVERSAL ROBOTICS

Collaborative robots specializing in bringing robotics to small & mid-size manufacturers.

VESTIL MANUFACTURING

Material handling equipment.

WAGO

Terminal blocks, connectors, power supplies, relays, interface modules, network switches, EMC/shielding, & feedthrough connectors.

WEBER

Custom Automated Screw driving solutions.

WEISS

Modular linear assembly systems, linear & rotary handling systems, programmable indexers, two-axis pick-&-place gantries.

WIELAND

Terminals & industrial connectors.
